

Fundraising Projects

Chemistry Lab Refurbishment

Breakout Seating Areas for Primary & Secondary School

Contribute to the realization of these two projects!

INSPIRE.

MOVE FORWARD.

GIVE BACK.

medienBuddy

After 15 years of using the existing lab, the school plans to refurbish the chemistry lab for the school year 2023-24, with the first work being done as early as summer 2023.

A modern lab for Grades 6-12 will help the school achieve its educational goals and promote learning and research.

New furniture - New electrical and gas installations - Equipment - medienBuddy (mobile workstations)

Total cost: 80,000 euros.

We need financial support for the purchase of the so-called medienBuddies, work tables and chairs.

The medienBuddies with electricity and gas connection will allow mobile and modern learning, quick change of location in the room, numerous combination possibilities, and will make it easier for students to collaborate.

DIS >> 1st school with medienBuddies (world premiere March 2023)

Cost for five sets: 30,000 euros

Cost per set consisting of medienBuddy, two tables and four chairs: 6,000 euros

© Hohenloher

In order to create new learning spaces in the Primary & Secondary School, we would like to have new seating areas for our students. These will be built in the hallways of both school buildings. The seating areas will:

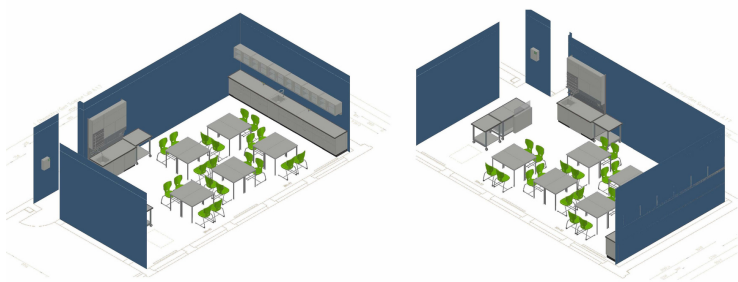

- Allow students to work and learn outside the classroom
- Promote group work
- Create a friendly and comfortable learning environment
- Reduce stress
- Be an additional retreat area

Costs for 2: 15,300 euros

"Modern science develops through collaboration, i.e., sharing knowledge, skills, and working via a common global protocol and understanding. It is our responsibility as science educators to reinforce this and use opportunities in the classroom to further understanding of how real science works. The new design enables us to be more creative in our lesson-planning, allowing students to collaborate authentically and access real-world modern technology."

Andrew Bullough (DIS Teacher & Head of Science Department)

HOW CAN YOU SUPPORT US?

Help by donating!

With your support, you help make modern learning possible at DIS and help students reach their full potential.

Financing of individual units is possible.

Project 1: medienBuddy

Set 1:  DONATED!

Set 2: 6.000 €

Set 3: 6.000 €

Set 4: 6.000 €

Set 5: 6.000 €

Project 2: Seating Areas

We will gladly inform you about all the fundraising possibilities and put together the right package for you.

You will receive:

- a donation receipt
- a mention by name in various printed materials, on the website and on the donor board
- a certificate
- ...and a surprise from our students.

Bank transfer to the Förderverein der Internationalen Schule Dresden e.V.
